**Caregiver Education Sessions**

**Marijuana 101**
*Focus is on Teens Grades 7-12*

Marijuana, legal or not, is a topic significantly affecting today’s youth. This session will help caregivers navigate the ever-changing landscape of marijuana today; a lot has changed since the 60s. It will provide caregivers with balanced information on marijuana and its effects, including the impact on the adolescent developing brain. Learn how to openly approach the subject with teens and support them to make informed decisions.

Register for a Marijuana 101 session at:

## Fentanyl 101

**Focus is on Teens Grades 7-12**

Fentanyl has been making headlines across the country. What is fentanyl? Why should parents and caregivers be concerned? This informative session will help increase your awareness about fentanyl, a type of opioid, and recognize warning signs that youth may be engaged in substance use. Parents, caregivers, and adults who care for youth will feel more confident having conversations about making informed choices around substance use. Parents will learn how to react proactively against the dangers of opioid abuse, addiction and overdose. You will leave with a better understanding of how to build resiliency in your teen, and gain awareness on how to access treatment and harm reduction resources.
