GirlSpace is an afterschool universal prevention program for girls ages 11-18 years old. The focus of GirlSpace is on reducing the risk of violence in girls’ lives, improving their health and well-being, and setting the stage for their development into strong, healthy, and empowered young women.

Girls meet once weekly for 20 weeks of the school year with a choice of five locations across Edmonton: Lillian Osbourne High School, Jasper Place High School, Millwoods Public Library, Londonderry Junior High School, and YWCA Downtown Office. Dates and times vary by location, and the program operates from mid-September 2017 to February/March 2018. Registration is required. There is a cost of $200 for this program; however, sliding scale rates and full subsidies are available for any and all interested participants. No client will be turned away.

Students can register online (Under “How to sign up.”): http://www.ywcaofedmonton.org/programs/girls-programs
